

# STIRRLING SAUNAS KIT SAUNAS

The Kit Saunas are designed for convenient transport and easy assembly. Our Classic Sauna rooms are designed by European sauna specialists. The properly insulated walls are made from carefully selected premium grade western red cedar which conforms with ISO standards.

**All our saunas are made in Australia**

We are proud to offer the Australian market, products and accessories based on century's of Finish experience.

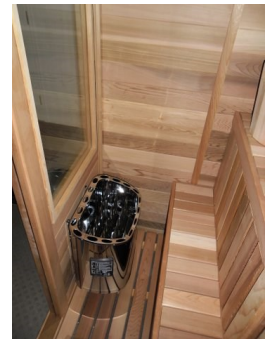

This lifestyle and simple physical luxury is now available to all consumers in Australia at an affordable price.

All our saunas are proudly made in Australia by qualified tradesman.

Our Kit self assembled saunas offer the most cost effective way to add a quality traditional Finish Sauna to your home. They are perfect for placement on decks, by pools, home gyms or even indoors; in a unit or home.
